

(1) **Declaration of Conformity according 2014/34/EU**

(2) Equipment and protective Systems intended for use in potentially explosive atmospheres - Directive 2014/34/EU

(3) Number of Certification: **SGS-TÜV Saar 18 ATEX 0008**

(4) Components: Multi-leaf dampers to regulate air flow
Type JS and JL

(5) Manufacturer: Aerotechnik E. Siegwart GmbH

(6) Address: Untere Hofwiesen, 66299 Friedrichsthal

(7) This Equipment and any acceptable variation thereto are specified in the schedule to this certificate and the documents therein referred to.

(8) SGS TÜV Saar GmbH certifies that this equipment has been found to comply the Essential Health and Safety Requirements relating to the design and construction of equipment and protective systems intended for use in potentially explosive atmospheres, given in Annex II to the directive 2014/34/EU.

(9) Compliance with the Essential Health and Safety Requirements has been assured with:

EN 13463-1:2009-01, EN 13463-5:2011-07, EN 1127-1:2011-07

(10) If the sign „X“ is placed after the certificate number, it indicates the equipment is subject to special conditions for safe use, specified in the schedule to this certificate.

(11) This Certification relates only to the design, examination and test of the specified equipment in accordance to the Directive 2014/34/EU. Further requirements of the directive apply to the manufacturing process and supply of this equipment. These are not covered by this certificate.

(12) The marking of the equipment must include the following:

 **II 2GD c IIB TX**

The surface temperature of the multi-leaf damper is determined by the average and ambient temperature and is determined by the operator.

Certificates without sign have no validity.
This Certificate may only distributed without modification.
Extractions or modifications need the approval of SGS-TÜV Saar GmbH,
AM TÜV 1, 66280 Sulzbach

(13) **Attachment to Certification**

(14) Certification No.: SGS-TÜV Saar 18 ATEX 0008

(15) Description of Equipment:

Multi-leaf dampers to regulate air flow

(16) Test report No.: 4517412

(17) Special Conditions for safe use: None

(18) Essential health and safety requirements:
Comply with above-mentioned standards.
